Ransom Dry Goods Company

DAILY BULLETIN.

Wash Fabrics

That fairly whisper thoughts of warm days.

A Bustling, busy department chuck full of goodies.

THOUSANDS

Of yards of French, German, English, Scotch and our own good old American make, are blended into one bewildering show.

Every woman ought to have a sewing fit after looking through our line of Wash Goods.

1000 yds of 30 inch Batiste at 6 1-4c per yd. Worth fully 8 1-3c.

1500 yds. choice Sheer Batistes at 10c per yd. Worth fully 12 1-2c and 15c.

2500 yds. choice French Dimity, Dotted Mulls Lenox Swisses, etc. at 15c per yd

Exquisite patterns in Cotton Foulards.

Laces & Embroideries

For trimming our beautiful Wash Fabrics.

You will have no trouble to satisify your taste in in these two departments and at prices lower than you expected

Very Respectfully

Ransom D. G. Co

COUNCIL ADOPTED LONG LIST OF RULES

Some Things That Must Be Done in the Future.

FIFTH STREET PAVING PASSED

No Change in Material for Cherry — Street Sweeper to be Used in Cleaning Streets. Brower Avenue to Be Opened. Bridge Street Tabled.

Council was half an hour late in getting down to business Tuesday evening, but as usual found an abundance of work on hand before the evening was over. Mr. Powelson and Mr. Pharion could not be present. President Weisner was in the chair.

There were no corrections of the journal, and the report of the committee on rules and order of business was read by Clerk Wimmer in the form of a new ordinance It provides for regular and special meetings of council: that the marshal shall attend every meeting and the superintendent of streets shall do likewise. The president of council has a lot of things to do, but nothing beyond what is required of presiding officers in other bodies. It also provides for a vice president and gives his duties. while standing committees to look after the business of the city are named. The order of business is comprehensive, and the method to be followed in the passage of ordinances is made very plain.

The rule providing for the expenditure of money is equally well put, and there can be no misunderstanding as to the manner of voting. Before speaking every member is required to rise and address the chair, a custom not always followed in councilmanic bodies. Cushing's Manuel is made the standard by which council is to be guided. There are 24 rules.

"Does that have to be published like other ordinances?" asked Mr. Shaw.

"Yes," said Solicitor McDowell.

There was no discussion on the bill, every member realizing the necessity for the rules, and they were adopted under suspension on motion of Mr. Brink and Mr. Wisenburg.

There is no rule in the ordinance requiring the mayor to attend the meetings of council or have anything to do with its business.

Fifth Street Paving.

Clerk Wimmer picked up the ordinance which provides for the improvement of Fifth street between Chestnut and Walnut with hard burned paving brick. Council favors the improvement and on motion of Mr Johnson it was passed to its third reading. and it was then quickly made a law. The portion of the street to be paved lies west of the Pan Handle tracks.

The Bridge street ordinance came next. Bridge street extends from the intersection of North Second and Sycamore to the Tuscarawas river bridge. The commissioners agreed to pay $500 of the cost of paving.

"I'll have to vote no on this ordinance for the reason the street is good enough for all purposes," said Mr. Johnson. "For another reason I'll vote no is because two thirds of the cost will go on the general duplicate."

"The ordinance can go over until the next meeting." said the solicitor.

Mr. Wisenburg moved the ordinance be laid on the table, and council so decided.

An ordinance amending an ordinance to provide for closing trenches opened in the streets of the city was presented by Solicitor McDowell at the request of Engineer Hanlon.

Mr. Johnson did not think it complimentary to council to pass an ordinance one month and amend it the next. The solicitor explained that it was necessary in order to cover the ground. It was passed under suspension on motion of Mr. Holmes.

Water Trustees Object.

Clerk Wimmer said Superintendent Raiff, of the water department. had called on him and said his department could not make repairs at Second and Mulberry as it was the duty of the city.

Mr Shaw said Mr. Raiff had informed him that money in his department was scarce because of the extensions being made.

At this point the clerk read a resolution providing that the repairs be made by the water department.

Mr. Zugschwert and Mr. Tish, of the ordinance committee. explained that the committee asked the solicitor to prepare the resolution; as they believed the water department should make the repairs.

Solicitor McDowell was allowed $200 a year for office rent. clerk hire. fuel and light. The principal part of the allowance will be for a stenographer.

Paving an Alley.

"The old council provided for the paving of the alley between Second and Third and Main and Chestnut," said the solicitor. "and the people want the work done."

"Are the property owners exempt under the five year clause." asked Mr. Shaw.

"They are."

"Then let's have a new petition," said Mr. Wisenburg. and the matter was dropped.

No Macadam for Cherry.

"Some of the largest property owners on Cherry are in favor of bituminous macadam for paving," said Mr. Shaw. "They think it is better for residence streets than brick, and will not cost more."

"Don't you think if we stopped now to change the material it would throw the completion of the paving away late in the fall?" asked Mr. Johnson.

"I think so, in this case, but I also believe we should make specifications so as to include bituminous macadam as well as brick."

"I believe the property owners should always decide what they want," remarked Mr. Wisenburg.

"What do the property owners think about it?" asked President Weisner.

Mr. Shaw explained that many wanted it. Council, however, wants the street paved before winter, and the matter was dropped.

Waiting on the Mayor.

"What has been done with that proposition to have a watchman at the Chestnut street crossing of the Pan Handle?" asked President Weisner.

"It is in the hands of the mayor and he has not reported," said Solicitor McDowell.

Mr. Shaw wanted the light company to provide council with a plat on which the street lights are properly located. The motion carried.

President Weisner said the new band wanted to rent a room in city hall in which to practice, but the matter was not settled. Council is not fond of practice music although it had no desire to take action that would discourage the band.

"I think street committee has something to say about lowering the Wheeling tracks at South Seventh," said Solicitor McDowell.

"Street committee has been working with the company, but we can't get an answer to our letter. I think the time has come to order the contractor on South Seventh to put the brick down to grade and then order the railroad company to put their track to grade," said Mr. Holmes. Mr. Brink and Mr. Wisenburg indorsed his sentiment. and on motion of Mr. Johnson the committee was empowered to use its discretion in the matter which means the brick and the grade must go down.

The Albert Land.

"Mr. Albert. whose property extends into Brower avenue. says he will take $65 to remove the fence and open the street," said Mr. Brink reporting for street committee. This seemed the cheapest way out of the muddle and council accepted the report. Mr. Johnson moved the clerk pay Albert the amount when he delivers to the clerk a deed for the property. and it carried. Mr. Holmes said it would require two separate deeds but Mr. Johnson's motion provided that the transaction be made satisfactory to the city, and this detail was eliminated.

The outlet sewer on the hill crosses two lots on Chestnut and Main. and street committee was empowered to secure the necessary right of way.

Mr. Shaw said people on South Sixth wanted it graded. "It should be graded. and the dirt can be used in filling holes now filled with green and unhealthy water. I therefore move the grading of the street be referred to street committee with power to act."

"Must we do it on Sunday?" asked Mr. Holmes.

"I guess so," said Mr. Brink. We'll have to do it then to get our work all done.

The motion carried.

Offfcers Report.

Clerk Wimmer read the monthly report of the water department showing total disbursements of $1158.74. and a balance in bank of $911.31.

Treasurer Williams' report showed the condition of funds as follows: General $2,368.40; police $2,578 88. sewer $3,048 23; right of way $15.99; building $311.24; street improvement. $519 29; bonds and interest $924.99 Overdrafts — light $212.64; sanitary $28 67; fire $187.21; paving $2 912.91; water. $3,565.16. Net balance in treasury, $2,978.53.

Street Sweeping.

The recent experiment of sweeping the paved streets with the machine following the sprinkler was discussed. Council decided it was cheaper and cleaner than the old shoveling system. Chestnut and Walnut should be swept once a week and Main twice, was the general opinion.

Mr. Shaw explained the system in Zanesville where they clean according to the accumulation of dirt. Council did not think it would pay to contract the work.

It was decided to notify Superintendent McCormick to sweep the streets for a few weeks under the supervision of the committee with a view to ascertaining just what was needed to keep streets clean.

Council has some important matters to consider in executive session. and at the suggestion of solicitor McDowell a caucus will be held in his office next Tuesday evening.

Council adjourned until Thursday evening when the lowest bidder on Cherry street will be decided and it is probable the contractor will be instructed to begin work without delay.

Council adjourned a few minutes before 9 o'clock. It was one of the shortest meetings on record. there having been little debate on any question.

Presbyterian Musicale.

Nothing could be more enjoyable than the musicale at the home of Mr. and Mrs. George M. Gray, Main street and Park avenue. Tuesday evening. It was for the benefit of the Presbyterian church. and every number of the excellent program was received with heartiest commendation. The soloists were Professor Hosmer, Mrs. Kerlin, Miss Brooke. Miss Mortley. Mrs. Winters, while the choir sang well. A notable feature were the violin solos of Professor Newton. accompanied by Mrs. Voorhees. Mr. and Mrs. Gray threw open their handsome home, and were the most cordial of entertainers.

Great reduction in refrigerators at Wolfe's Furniture company, the store that saves you money. 6 10 tf

FOR ALL OF HER LIFE

Lillie P. Darr Will Get a Pension of $10 a Month.

HER FATHER WAS A SOLDIER

She is Helpless and According to Law Uncle Sam Will Take Care of Her—Second in the County.

The United States government has stretched forth its charitable hand, and helpless little Lillie P. Darr will be provided for during the remainder of her life.

The child is a daughter of John Darr, who served his country as a soldier in G company of the One Hundred and Forty Second Ohio during the Civil war. He is dead, and his daughter must, according to law, be provided for.

Attorney Wimmer took up the case, showing that the child was helpless because of physical infirmities. The department granted the application, and the child was allowed $10 a month. The pension will be a great help to the child, and news of its coming was received with the greatest satisfaction.

The pension is the second granted to a resident of Coshocton since the law was enacted June 27, 1890. The law provides that helpless minor children of soldiers will be taken care of by the government, provided that application is made before the child has reached the age of 16. the father has died and the mother has married again. The pension continues for life or until such time as the pensioner recovers from the disability.

PLAYED ELEVEN INNINGS

Warmest Game of the Season Took Place at Riverside.

The warmest baseball game of the season took place at Riverside park when the high school sent into oblivion the team from the alumni association in eleven innings.

The game was exciting from start to finish, and fast plays were thick. Every man was at his best, and the tenth and eleventh innings were as pretty exhibitions of good ball playing as have been seen at the park in years.

Preston and Fisher, the catchers. were disabled, the former having the nail torn from his finger by a hot one from Bock. and the latter being hit by a foul tip.

The features of the game were the fielding of Lenhart and the batting and base running of Bock.

The score.

Innings....	—	1	2	3	4	5	6	7	8	9	10	11
High school	—	1	0	3	2	0	2	1	0	0	0	3	12
Alumni	—	2	0	2	0	0	1	0	2	2	0	2	11

Batteries—High school, Selby and Fisher; Smith and Stewart. Alumni—Bock and Preston; Hill and Bock. Scorer—Stevenson.

DIDN'T COST CITY A PENNY

The Electric Light Company's Representations Proven Good.

In council Tuesday evening Solicitor McDowell made the statement that the Bachman damage action had been settled.

When Mrs. Bachman sued the Merchants' Electric Light & Power company and the city for damages sustained by a fall into an open ditch Attorney W. A. Himebaugh of the company. made the statement that it would not cost the city a penny. and it didn't. The solicitor showed council a little document which proved that Mrs. Bachman had been paid $1,250 in full settlement of the claim and not a cent came from the city treasury, either for damages or expense.

Council expressed satisfaction over the happy ending of what some members believed would be a long trial in court.

New Band Being Formed.

A number of enthusiastic players of experience will meet this evening for the purpose of forming a brass band. There are a dozen of them, and they think they can have an organization that will soon have a wide reputation. It is their purpose to get down to practice at once.

The band recently organized is hard at work and making good progress. The members are greatly encouraged.

A coffee cake social will be given at the residence of Prosper Royer, Sr., corner Walnut and Third streets Wednesday evening. benefit Sacred Heart church. All invited. 19-2t

All parties owing Mrs. Sue Lorenz will please call at the store and settle this month as she wants her business settled without giving it for collection 10-3t

THEY ARE FREEHOLDERS

George T. Ayers and W. M. Smith Are Legally Eligible.

It was reported last week that there was no real estate in the name of either George T. Ayers or W.M. Smith, as required by the Longworth law, to make them eligible to serve on the board of review. While it is true that there is nothing on the tax duplicate in the name of either, it is learned that at about the time of the appointment of the board of review each had a piece of real estate transferred to his name, so they are both legally eligible now, and can serve on the board.

Call on Evans & Cochran for fine monuments and save agents' commission 606 Main street, Coshocton. 22-tf.

FIREMEN WILL DECIDE

Whether They Want the Convention of Volunteers Next Year.

ANNUAL MEETING THURSDAY

Will Develop Whether Coshocton Laddies Care to Undertake the Task of Entertaining.

Chief Frank Lightell, of the fire department, has called the annual meeting for Thursday evening, and every member of the different hose companies is expected to be present.

The meeting is for the purpose of bringing out suggestions that are for the good of the organization, and discussing the questions that are sure to appear during the year. It is also to decide whether the delegates to the convention to be held in Martin's Ferry will attempt to land the convention for Coshocton this year.

The convention has been held for some time in towns near the Ohio river, and Coshocton is always there with its team and a good representation The boys of the different cities represented in the association are growing tired of that section and will come to Coshocton if they are invited.

The local fire laddies know they will have a big job on hand if they attempt to entertain the companies, and if they decide Thursday to ask for the convention it will be subject to what help they may secure from business men.

Firemen's tournaments always bring big crowds, and Coshocton will be filled to overflowing some week in July next year if we get it.

RIGHT AT HOME.

Town Topics and All Kinds of Local Happenings Told in Brief.

—The Gray Hardware Company.

—Mrs. John Smith is ill at her home on Walnut.

—Mrs. Joe Swigert is ill at her home on South Fourth.

—James Preston received a badly mashed finger at the ball game Tuesday.

—The Knights of Pythias will confer the rank of knight on John Williams this evening.

—Mr. and Mrs. William Wright have commenced housekeeping in their new home on South Fourth.

—Vernon Rivers, who was sentenced by Judge Maxwell to two years in the penitentiary, was taken to Columbus by Sheriff Hedge.

—All members of the Woman's Relief Corps are requested to be present at the meeting to be held June 13. The business is important.

—Farmers say the potato crop will be short again this year if rain does not come soon. They do not want showers, but a good, soaking rain.

—The base ball game between the Sidney, and Greater Coshocton teams will be Monday afternoon instead of Tuesday afternoon as announced.

—The county board of equalization, consisting of the auditor and commissioners, is in session at the courthouse. Its work deals with the county outside the city of Coshocton

—Trades council will meet next Wednesday evening for the purpose of discussing the celebration of Labor day. The meeting will develop whether the different locals desire to remain at home or join with Canton, Zanesville or some other town in observing the day.

SHOOT ON THE FOURTH.

Greater Coshocton Club Will Celebrate the Holiday.

The Greater Coshocton Gun club has arranged for a shoot to take place on the Fourth of July. It will begin in the morning and continue throughout the day Ten events are scheduled, and a large number of trap shots from this section are expected. There are to be no added moneys, and it is proposed to make the occasion a social amateur shoot where sport will be the prevailing characteristic.

Firemen Elect Officers.

The firemen of hose company No. 3 met in the office of Squire Manner Tuesday evening and elected the following officers.

Captain, J. B. Manner; Frank Lightell secretary Delegates to convention J. B. Manner, J. D. Wisenburg and Henry Lorenz; alternates—Joe Robson. Harry Horn and Price Elson.

An Adjourned Meeting

An adjourned meeting of the board of education was held Tuesday evening and some bills were paid.

Teachers for next year were not employed. The board has a number of applications to consider, and it is not known when the list of successful ones will be announced.

Outstanding Orders Payable.

All outstanding warrants on the county treasury will be payable at the office of the county treasurer, at Coshocton, Ohio, on and after Friday, June 20th.

W. H. WILLIAMS,
County Treasurer.

For Dairy and Food Commissioner—
HORACE ANKENEY, Green Co.
For Member Board of Public Works—
WILLIAM KIRTLEY. Defiance Co.

How much blood, money, time and how many valuable lives could have been saved if the Boers could have read the signs of the times some months ago. We fail to read them any other way than that the Boer government got in the way of the automobile of progress—and while the auto was jolted some, the obstacle was bumped out of the road.

The latest gun it is claimed will throw a projectile 93 miles. When the Americans and Canadians can almost throw a dynamite shell across any of the Great lakes, there will be some incentive for the hot heads in both congress and parliament to be good.

In order to keep up with the new century now a man must have a ping pong wrist, an automobile face, a base ball eye, a golf side and a football head of hair. Besides he must have a meat trust income and a steel magnate nerve.

There is one thing that the philanthropically disposed have overlooked. A few bottles of "He-shu-naw" for the stomach or "O hee-cho-kee" for the liver would doubtless restore to life the thousands buried under the ashes on Martinique

Billy Mason, alleged Republican senator from Illinois, was good as long as he could be. He has now gone into tantrums over the Philippine civil government bill and will fall into the arms of a jubilant Democratic party once more.

The Democratic party is like the lightning [illegible] always has its headlight on behind. Incidentally it never has any light to cast on the future but it flashes a ray on the past occasionally. Another peculiarity is that both are busiest when darkness comes.

St. Louis and New York can now sympathize with Baltimore. Both cities are engaged in cutting away putrid sores in the municipal government as was Baltimore some time since.

[illegible]

[illegible]

[illegible]

[illegible]

[illegible]

[illegible] Johnson [illegible] leads to the belief that he is looking for a good place to erupt so as to attract more attention.

TRUSTS IN GREAT BRITAIN.

In That Free Trade Country the Combines First Originated.

As a matter of fact, the trust also originated in the United Kingdom. Ten years ago Mr. Blaine said truthfully that Great Britain was "plastered all over with trusts." If there are now a few larger trusts here it is because America is the larger country. But it would not be difficult to demonstrate that there are more trusts and that their exactions are more consistently harassing in Great Britain than in the United States.

Bradstreet's [illegible] of the trade [illegible] which have been organized in Great Britain within the past few years. There was the Salt union, [illegible] the United Alkali company, [illegible] English Sewing Cotton [illegible] ited, the [illegible] Spinners, Doublers limited, the Bradford [illegible] the Yorkshire indigo and [illegible] dyers, the Yorkshire wool combers, the United Indigo and [illegible] printers, the wall paper manufacturers, the united velvet cutters and so on. Besides these there were the borax trust, the coal trust and the tin plate trust of South Wales and Monmouthshire. Two of the huge English concerns—the salt union and the thread trust—have formed world embracing combinations. They have allied themselves with similar concerns in the United States and on the continent of Europe. But the real control of these concerns rests in Great Britain, where the "combine" originated.

America has nothing to teach England in the formation of these great trade combinations. An inquiry by a committee of parliament will prove this, and the only advantage which this country possesses is that its great financiers are apparently men of more strenuous personal force and executive ability than similar men in Britain. This has made possible the creation of the United States Steel corporation, the greatest trust in the world. But the British manufacturers of iron and steel are now endeavoring to unite with the manufacturers of the continent in a trust of almost equal magnitude.

What a mockery these hard facts make of the parrot cry of our free trade organs here that the protective tariff is the "parent of trusts" and that these things could never live in a free trade atmosphere!—Boston Journal.

WAGE EARNERS' VIEW.

Workers Do Not Approve the Policy of Tinkering a Good Tariff.

The manner in which some phases of the political situation are viewed by wage earners is suggested by the following report from a correspondent of the American Economist of a speech delivered a few days ago on a street corner in Terre Haute, Ind., by a workingman belonging to the Federation of Labor to a crowd of 500 listeners, who seemed to agree with the speaker:

"You have not a representative in congress, you have not a man in your state legislature, you have not a man in your city council who represents you workers. You have had a pretty good protective tariff from the Republican party. It worked injury to some, but in the main it is working well. The Democratic party is now trying to steal it from you because it is their policy to want free trade, and the Republican party is trying to steal it from you because a few chuckle headed idiots have got into a hole trying to help Cuba at your expense and can't find a way to get out. But whichever wins you will be the one to go to the souphouse. You know the way before election—the politicians get a band wagon, get you into a hall, swell out their chests and say what pride it gives them to address such an intelligent set of men. You have not got any intelligence, you have not got horse sense. When you do, you will crowd the primaries, nominate a man from your own ranks, and we will have some more Hartfords, Bridgeports, Waterburys, Lynns and Brocktons. Then, and only then, can you be accused of being intelligent, and then, and only then, will your interests be looked out for in nation, state and city."

Statesmen who are bent upon fooling with a good tariff may possibly see some significance in expressions of this kind. If not now, they are quite likely to see it later on.

Awful Needy Atkins.

E. Atkins of Boston is strong in the faith that from 25 to 100 per cent should be deducted from Cuban sugar. His arguments are unanswerable. He not only owns preferred stock in the sugar trust, but he has also bought 14,000 acres of Cuban land and has 4,500 acres under sugar cultivation, and he wants a large reduction in duties. It might of course, injure American sugar producers, but of what account are they compared with foreign producers? True, 25,000 wage earners in the employ of American beet and sugar cane planters and sugar plants [illegible] congress and are protesting against reciprocity with Cuba. But what, pray, are mere breadwinners compared with sugar trust shareholders and wealthy Cuban land holders? Atkins and his friends ought to have everything in sight, and if there is anything they don't see they should not hesitate to ask for it without a blush.

Cobden Club's Protest.

The Cobden club has again been heard from. It has filed a protest in London against the tariff duties on wheat and flour. This club used to cut a rather imposing figure in American politics at the time when it was believed that America ought to be the truck garden annex to Great Britain.—Cleveland Leader.

MISS SARAH FINLEY,
Vice-President of the Palmetto Club, Memphis, Tenn.

Miss Sarah Finley

WINE OF CARDUI is a thorough [illegible]

Miss Sarah Finley, of Memphis, Tenn., vice-president of the Palmetto Club [illegible] following praise on Wine of Cardui:

"Among the numerous medicines placed before suffering women for their relief none can touch McElree's Wine of Cardui. It towers above them all as a reliable female remedy. It simply drives pain and disease away and restores health in an incredibly short period. I have taken great interest in this medicine for the past two years, since it brought health and strength to me. I have also recommended it to a number of my friends and they who have used it speak of it in the highest terms and I feel that it is praise well bestowed."

If you are suffering from female weakness Wine of Cardui is the medicine you need.

You can have health the same as Miss Finley if you will take the Wine of Cardui treatment. If you need advice further than the complete directions given on the bottle, address The Ladies Advisory Department, Chattanooga Med. Co., Chattanooga, Tenn.

WINE of CARDUI A million suffering women have found relief in Wine of Cardui.

Controlling Interest Sold.

Toledo, June 11—The controlling interest in the Toledo Railway and Light company, which has been held by the Everett-Moore syndicate, was sold to Keene, Van Courtland & Company of New York. Mr Keene of the firm announced that there are to be a number of changes in the directorate but otherwise there are to be no changes in the management of the company. Keene, Van Courtland & Company secured [illegible] shares and paid $1,800,000 for the same.

Presidential Dates.

Washington, June 11—Representative William Alden Smith (Mich.), who will preside over the Republican state convention in Detroit on June 26 secured from the president a definite promise to visit Grand Rapids Mr Smith's home town, in September next, after the meeting of the Spanish war veterans in Detroit. The president promised Representative Littlefield (Me.) that he would visit Rockland, Me., Mr Littlefield's home, some time in August.

Express and Freight Collide.

Macon, Ga., June 11 — The southbound passenger train of the Southern railway, which left Atlanta for Macon, collided with a northbound freight train near Juliette, [illegible] miles north of Macon. The engineer and fireman of the passenger train were instantly killed and 15 of the passengers more or less severely injured. The dead: James T Pittman of Atlanta engineer of passenger train. Ed West, colored, of Atlanta fireman passenger train.

SOUFRIERE'S TWO CRATERS

A Drunken Sailor Once Crossed the Narrow Dividing Line.

The summit of Mount Soufriere, St Vincent, 3,500 feet above sea level, which has just devastated the island, is divided into two craters, says the Washington Post. The first is three miles in circumference and 500 feet deep and is separated from what is known as the "new crater" by a very thin and narrow wall or ridge of granitic lava. The "new crater" covers about three acres.

An English sailor once crossed this dike of granite, which is barely wide enough for a cat to crawl over, but no other person ever attempted the feat either before or since. The funny part of the matter is that the sailor was about half intoxicated at the time and crossed the dividing wall for a wager of one dozen bottles of port wine that one of the officers offered to the person who performed the feat.

TO PLACE THE BLAME.

Coroner's Jury Investigating the Chicago Sanitarium Fire.

Chicago, June 11.—Investigation of the cause and responsibility for the catastrophe at the sanitarium of the St. Luke society reveals, it is declared, a tale of negligence on the part of the officials of the sanitarium and the city. The health department, office of the building commissioner and the boiler inspector are involved in the charges of criminal carelessness, and it only remains for the coroner's jury to fix the blame. As for the officers of the St. Luke society, they will be compelled to show by what right they operated a sanitarium without a license and explain the locking of delirium tremens patients in rooms on the top floor and shackling them

PLAN NOW FOR COLORADO.

The Burlington's Extensive Scheme of Summer Tours.

The Burlington Route makes the most attractive excursion rates to Colorado Resorts that have ever been made. For long periods of the summer we make such remarkably low first-class round trip rates to Denver, Colorado Springs and Manitou, as $21.60 from St. Louis, $15.00 from Kansas City, $25.00 from Chicago; good all summer; at other periods, only one fare plus $2.00 round trip.

CHEAP TO PACIFIC COAST, TOO.

May 27 to June 8, August 2 to 8. Round trip good 60 days, variable routes; from St. Louis $47.50, from Chicago $50.50, Missouri River $45.00; all lower than the one way rate; only $11.50 more between Frisco and Portland; firstclass, good in chair cars (seats free), standard sleepers or through tourist sleeper excursions. Chief Coast route, the Burlington to Denver through Scenic Colorado, Salt Lake.

COOL MINNESOTA.

10,000 lakes; scores of the coolest and best summer localities in the country; frequent periods of low summer rates.

Apply to nearest ticket agent, or write us of your proposed trip whether to Colorado, Pacific Coast, Yellowstone Park, Minnesota, and let us advise you least cost and assist you.

Send for our handsome Colorado or California 1902 publications free.

Toledo — Wheat, 80c; corn, 62½c; oats, 45½c; clovers eed, $5 07½.

Better Than Pills.

The question has been asked, "In what way are Chamberlain's Stomach and Liver Tablets superior to pills?" Our answer is: They are easier and more pleasant to take, more mild and gentle in effect and more reliable as they can always be depended upon. Then they cleanse and invigorate the stomach and leave the bowels in a natural condition, while pills are more harsh in effect and their use is often followed by constipation. For sale by C. E. Anderson, No. 2, Forbes block.

HANNA'S SIDE

Of the Cuyahoga County Dispute. President to Stay Out.

Washington, June 11.—Senator Hanna talked freely regarding the published intention of Mr. Burton of Ohio to withdraw from the race for congress owing to the fact that he had not been permitted to name the chairman of the district committee. Mr. Hanna declared that Mr. Burton never spoke to him about the matetr of having a candidate of his own until last Friday morning. The election was to take place at 2 p. m., and Senator Hanna said he sent a telegram to Cleveland asking that a compromise be effected if possible. The senator also stated that the civil service commission had examined into Mr. Burton's charges that certain federal officeholders in Ohio had taken an active part in politics and had failed to find anything in them that constituted a violation of the civil service law. As a result the president has concluded not to send letters to the Cleveland officials censuring them for pernicious activity in politics.

Case of General Smith.

Washington, June 11. — Secretary Root said that he had not yet had time to consider the case of General J. H. Smith, tried by courtmartial at Manilla for alleged violations of the rules of war in the conduct of the campaign of Samar. He added that, as the Smith case was based practically on the transactions which led to the trial by courtmartial of Major L. W. T. Waller of the marine corps, charged with the alleged unlawful killing of Filipino prisoners, he would probably await the receipt of the record of that case before giving final consideration of the Smith case. The Waller record is not expected to reach this city for several weeks. It is said that the Waller case is a closed incident, but the Smith case will not be legally closed until it has been finally acted on by the president. The significance of this statement is that it is still within the power of the president to return the case to the court for reconsideration.

French Ministers' Program.

Paris, June 11.—In the chamber of deputies the premier, M. Combes, made the ministerial declaration. The premier said: "Never losing sight of the superior, permanent interests of the country, our foreign policy will continue the alliance, of which France and Russia equally appreciate the beneficent action and in which universal opinion sees an essential guarantee of the world's equilibrium. We shall cultivate relations and friendships which have been happily developed or renewed, and which are facilitated by community of origin, proximity or similarity of institutions and history."

Reprieve of Taylors Extended

Columbus, June 11.—Governor Nash extended the reprieve of Mrs. Frances L. Taylor and Miss Frances Taylor to Oct. 10, in order to give an opportunity for disposition of the case of Clara Taylor, who is now on the way back to this country to be tried for the abduction of her niece, little Margaret Taylor. The child, which was taken away from Cincinnati in 1897 by Clara Taylor, is now restored to her parents, Mr. and Mrs. A. V. Taylor, at Cumminsville, Hamilton county. In a statement issued by the governor it is intimated that Clara Taylor, who is held to be the principal in the abduction, is and has been for years of unsound mind.

Fight at a Schoolhouse.

Mt. Vernon, Ky., June 11.—As the result of an attempt to break up an entertainment at the schoolhouse at Livingston, a general fight ensued in which Phillip Northern was shot through the head and mortally wounded, while John Renner and John Spoonmore were fatally beaten with pistol butts. Ten men were engaged in the encounter and over 40 shots were fired. A number of arrests have been made.

Storm of Great Severity.

Chicago, une 11.—Reports of a tornado near Bloomington are current. Neither telegraph companies nor the railroads have any wires working into that city. Communication was lost suddenly. The completeness of the interruption caused a belief that the storm was one of exceptional severity. The area affected extends from Freeport, Ills., on the west, to Clinton, Ills., on the south.

How to Avoid Trouble

Now is the time to provide yourself and family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost certain to be needed before the summer is over, and if procured now may save you a trip to town in the night or in your busiest season. It is everywhere admitted to be the most successful medicine in use for bowel complaints, both for children and adults. No family can afford to be without it. For sale by C.E. SIX NEW WARSHIPS.

The Senate Passes the Naval Appropriation Bill.

CARRIES OVER SEVENTY MILLIONS.

Government Cable Bill Up In the House, the Author Making a Speech In Support—Proposition to Transfer Certain Forest Reserves Held Too Expensive—Doings of Congress.

Washington, June 11.—Another of the big supply bills of the government was disposed of by the senate, the naval bill, carrying more than $78,060,000, being passed. It includes provisions for two first-class battleships, two first-class armored cruisers and two gunboats, but strikes out the house provision that one of each shall be built at government yards. When consideration was resumed on the isthmian canal question Mr. Turner delivered an extended argument in support of the Nicaragua route. He maintained that the new Panama company could not pass a clear title to the Panama company's rights, franchises and property to the United States, and that if this government purchased it, it would be with all its incumbrances.

The house decisively defeated the proposition to transfer certain forest reserves to the agricultural department and to authorize the president to establish game and fish preserves. Mr. Cannon claimed that the bill would greatly increase the cost of administering forest reserves. The house then considered the Corliss Pacific cable bill. The author of the measure argued in favor of its passage. Mr. Dalzell (Pa.) announced that he was opposed to the government building a cable to the Philippines. He said he favored the construction of an American cable by American capital, and gave notice that at the proper time he would offer as a substitute a bill to authorize the president to contract for the construction of a cable under certain conditions. The minority of the commerce committee oppose the Corliss bill on the ground that the Commercial Pacific company are now at work building a cable, which is to be laid by 1905.

Mr. Corliss presented to the house statements and figures intended to show the existence of a cable monopoly and its purposes. He presented the grants obtained by the Eastern Extension Cable company from China, Japan and the Spanish islands in the Pacific, including Guam, the Philippines and Marshal islands, to show that this cable company

Had Control

of cable communications with the far east, and controls over 70,000 miles of submarine cables. It had an exclusive monopoly in Chicago, he said, until 1930, and its Spanish grant in the Philippines ran until 1940. He contended that the Commercial Pacific Cable company, which proposes to lay a cable to Hawaii and thence to Manilla, was merely the American branch of the Eastern cable monopoly. Mr. Corliss dwelt upon the effect upon our military control in the Pacific should a foreign corporation be permitted to own this cable and argued that the only way to break down the monopoly was for the government to own, construct and operate the cable.

Mr. Dalzell announced that he was opposed to the construction of a government cable. Nor did he favor the proposition of the Commercial Pacific Cable company. His information, he said, was that English capital was behind that company. The commercial company, he said, proposed to build a cable in English workshops, with British capital, and lay it with British ships. He wanted an American cable built by American capital and in American shops by American wage-earners, laid by American ships under the American flag.

Statue of Tilden.

Washington, June 11.—Representative McDermott (N. J.) introduced a bill for a statue or monument to the memory of Samuel J. Tilden, to be erected in Washington at a cost of $50,000.

Killed Each Other.

Rushville, Ind., June 11.—As the result of a shooting affray which occurred at Falmouth, 12 miles north of here, Oliver Cameron, 70, a wealthy retired farmer, and John Bailey, a barber, 35, are dead. Bailey's wife left him a few weeks ago, and thinking she was at the Cameron home he went there, and when Cameron appeared at the door Bailey drew a revolver and fired, the bullet piercing the old man's heart. Cameron seized a shotgun which was standing in a corner of the hall and emptied the contents of both barrels into Bailey's body, killing him instantly. Cameron expired in a few minutes. Both men leave large families.

Another Conviction.

Grand Rapids, Mich., June 11.—Attorney Thomas S. McGarry was convicted by a jury in the Allegan circuit court at Allegan of the charge of bribery in connection with the Lake Michigan water supply scandal. He was granted a change of venue on the ground that he could not secure a fair trial in this city. The trial has been in progress for four weeks and the conviction was practically on the same testimony that convicted former City Attorney Lant K. Salsbury and H. A. Taylor, the eastern capitalist, who furnished the funds.

OHIO DEMOCRATS

To Meet at Cedar Point In September. Tom Johnson Chairman.

Columbus, June 11. — Cedar Point, near Sandusky, was selected as the place and Sept. 2 and 3 named as the dates for the Ohio Democratic convention. The Democratic state central committee met in this city with complete representation and quickly transacted its business. Mayor Tom L. Johnson was chosen temporary chairman of the convention over Sam E. Johnson of Cincinnati and John L. Zimmerman of Springfield. The apportionment was fixed at one delegate for each 500 votes cast for Colonel Kilbourne last fall, or majority fraction thereof. The secretary was instructed to insert in the call the heutenant governor as one of the offices to be filled, it being declared necessary to elect a lieutenant governor to fill the vacancy caused by the resignation of Hon. Carl Nippert. Judge Okey and Otway J. Cosgrove were appointed a committee to institute the necessary legal proceedings to compel the secretary of state to place the name of nominee for lieutenant governor on the official ballot. In the convention Hamilton county will have 74 votes, Cuyahoga 64, Franklin 40, Montgomery 24 and Lucas 22.

Alleged Bribery of Officials.

Minneapolis, June 11.—Irwin A. Gardner was found guilty of having accepted a bribe as special officer to procure police protection for "shark" gaming establishments. The specific charge was that Gardner had accepted $25 from Billy Edwards, who has since been convicted of swindling. Gardner, however, is lost sight of in the scandal that his conviction unfolds. Police Chief Ames, brother of Mayor Ames, is now under indictment and will be placed on trial within a few days. The state's case rested on the testimony of men who asserted that money was regularly paid to Gardner, and that he distributed it among members of the administration, the consideration being immunity of the police interference not only of shark gambling establishments but of various other places of crime.

A Dangerous Woman.

Philadelphia, June 11.—Miriam L. Medley, the woman whose peculiar conduct while demanding to see President Roosevelt resulted in her being arrested in Washington a few days ago, was committed to the state hospital for the insane at Norristown. The commitment was made upon petition of the two sisters of Mrs. Medley, who said the latter is possessed of homicidal tendencies. It was stated that Mrs. Medley had gone to Washington for the purpose of laying before the president certain matters pertaining to a breach of promise suit. When taken into custody by the Washington police a loaded revolver was found on Mrs. Medley.

Baltimore Carpenters' Demand.

Baltimore, June 11.—Unless the contractors grant to the 2,000 organized carpenters and joiners of this city $3 a day of eight hours, a general strike will be ordered on July 7. This was the ultimatum agreed upon at a joint meeting of the three local unions of the Brotherhood of Carpenters and Joiners. At present the average pay is $2.50 per day of nine hours.

Boer Commandant's Promise.

Aliwal North, Cape Colony, June 11. —Commandant Fouche, in supervising the surrender of various Boer commands here, said the Boers had been good citizens of their own country and they would be equally good citizens under the British government.

SECURED BY WRIGHT.

Strike Information Called For by the President.

MINERS AND OPERATORS EXPLAIN.

Report Will Contain the Real Causes Leading Up to the Great Industrial Conflict, but No Suggestions or Recommendations—Situation In the Virginia and Anthracite Fields.

New York, June 11.—Carroll D. Wright, United States commissioner of labor, has secured the information desired by President Roosevelt about the great coal strike, and will make his report at once. The report will touch at the root of the controversy, and it is claimed will explain the causes leading to the industrial conflict. The information was obtained in two interviews. President Mitchell made a presentment of the miners' side of the controversy. In he offices of the Delaware and Hudson company President Oliphant of that company and Presidents Baer of the Philadelphia and Reading road and Thomas of the Erie company discussed the strike from the standpoint of the operators.

"I have practically completed the investigation," said Commissioner Wright, "and will present my report as quickly as possible to President Roosevelt. I have secured the information I desired and was treated courteously by the representatives on both sides of the controversy. It will not be necessary for me to go to the coal fields. I can not say anything concerning the mass of information in my possession."

District Tied Up.

Thurmond, W. Va., June 11. — The strikers succeeded in tying up almost every operation in the New River district. Not 100 miners out of 6,000 were at work on Loup creek and not a single car of coal has been sent down that branch. All the Chesapeake and Ohio shifting crews in this field have been laid off and business is at a standstill. The fires are out in the thousands of coke ovens that have heretofore illuminated the narrow New River valley, and from all indications the situation will not be soon improved. At mass meetings held at Glen Jean the strikers manifested great interest in their cause and decided to remain out indefinitely unless he operators met their demands. In the Kanawha field a few mines are being operated with greatly reduced forces.

No Change.

Wilkesbarre, Pa., June 11.—National President Mitchell of the Mine Workers' union, who went to New York to meet Carroll D. Wright, United States commissioner of labor, has returned. There is no change in the situation in this region from either the viewpoint of the miner or the operator. There was stone-throwing and firing of revolvers by a crowd which congregated in the vicinity of the William A colliery of the Lehigh Valley company at Duryea. Several persons, among them three women, were arrested and put under peace bonds.

Mission of German Warships.

Washington, June 11.—The officials here are in the dark as to the reasons for the hurried departure of German warships for Venezuela, as reported in a St. Thomas dispatch. Germany has a big claim against Venezuela, that of the Berlin Company of Discount for the nonperformance of engagements which the Venezuelan government has undertaken in connection with the great Venezuelan railway, built by the government. The claim approximates 6,000,000 bolivares. One inference is that Germany has sent her vessels to La Guacca to enforce the payment of the claim.

Arkansas Democrats.

Little Rock, June 11.—The feature of the Democratic state convention was the ovation to former Governor James P. Clarke, who was declared by the convention to be the nominee for United States senator to succeed James K. Jones. Some of the friends of Senator Jones opposed the resolution, and it was stated that Senator Jones demurred to the jurisdiction of the convention. The resolution was adopted by a vote of 450 to 72. Governor Jefferson Davis was unanimously renominated, the name of Colonel E. W. Rector of Hot Springs being withdrawn.

Woman's Rash Deed.

St. Louis, July 11—Mrs. Johanna Bishop committed suicide by taking carbolic acid. Mrs. Bishop was the wife of J. B. Bishop of this city who was seriously injured in the fire that destroyed St. Luke's sanitarium at Chicago, and took the poison upon hearing of the accident that had befallen her husband.

Miners Blown to Pieces.

Ironwood, Mich., June 11.—As the result of a mine explosion here Isaac Ryan, Thomas Jones and Arthur Tregembo are dead. The men were at work in a drift when in some unaccountable manner some dynamite near at hand exploded. Two of the victims were identified by their shoes and a third by shreds of clothing.

To Exhibit Our Products.

Washington, June 11 —Senator McCumber introduced a bill providing for the erection and maintenance of a permanent exhibition building at Shanghai, China, for the exhibition of American products.

WOMEN'S WOES.

Hard for any woman to do housework—to attend to daily duties with a constantly aching back. Every woman should learn the cause of backache and the cure.

Doan's Kidney Pills

relieve a bad back and cure it—cure every kidney and bladder disorder, from backache to complicated cases.

Mrs. Isaac Elwell, of 518 East Main street, Painesville, O., wife of a well-known contractor and builder, says: "I suffered from backache for years, was often not able to do my work, and at times was confined to my bed. In the winter of 1898 I was in poor health, run down, and the pains in my back were more severe than ever. I also suffered from distress in the stomach, could not eat, and what little food I ate did not agree with me. I was induced to try Doan's Kidney Pills, and got a box at Mosley's pharmacy. They did me more good than any other remedy I ever used, and I recommend them whenever an occasion presents itself."

Doan's Kidney Pills sold at all drug stores; 50 cents. Foster-Milburn Co., Buffalo, N. Y.

Dead In Bed.

Orange, N. J., June 11.—Theodore A. Ross, for 28 years grand secretary of the sovereign grand lodge of the I. O. O. F., was found dead in bed at his home in East Orange. Heart disease probably caused death. He was 78 years old. Mr. Ross was born in Newark, N. J., and when a boy went to Indianapolis, where he engaged in business. He also at various times was a resident of Cincinnati and Columbus.

TO THE POINT.

Globules of News Depicting Doings of the Busy World.

Pierpont Morgan arrives at London.

Chinamen mobbed and driven out of Idaho Springs, Colo.

Twenty-four residences burned in the mining town of Michel B. C.

H. N. Harper of Ohio drowned in the natatorium plunge at Boise, Ida.

Cambridge university confers the degree of doctor of laws on Whitelaw Reid.

Northern part of Minnesota tornado-swept. Four persons killed and property and live stock destroyed.

Sulphur Springs active in Bernatillo county, New Mexico. Twenty-eight geysers pulsating every minute.

Six hundred employes of Empire Bridge company, Williamsburg, N. Y., struck for recognition of union.

Thornton Davis and Albert Barwick, farmers, near Willis, Tex., fought a duel with knives, Davis being stabbed to death. The trouble resulted from a discussion of the Pennsylvania coal strike.

Here's A Pointer

Read it, It's Short, Sharp and to the Point.

Mr. J. Holbrook, of No. 308 North 9th St., Coshocton, Ohio, says:—"My stomach was weak and the digestion slow—food distressed, rested heavy after meals and gas formed. I was nervous and run down as a result. I Heard of Dr. A. W. Chase's Nerve Pills and got some at C. E. Anderson's Drug Store and they are excellent. They gave me a good digestion by making the stomach strong, steadied the nerves and gave good general strength. I am pleased with the result and the medicine."

Dr. A. W. Chase's Nerve Pills are sold at the rate of a box at dealers or Dr. A. W. Chase Medicine Co. Buffalo, N. Y. See that portrait and signature of A. W. Chase, M. D. are on every package.

Sealed Proposals.

Sealed proposals will be received at the office of Burns & Kaser, Coshocton, Ohio, until 12 o'clock noon, Saturday, June the 14th, 1902, for the complete installation of a system of closets to be placed in the several buildings of the school building, known as the Bancroft building, Walnut street building and Sycamore street building. Each bidder to submit bids for his respective system or systems with plans and specifications for each building. The board reserve the right to reject any and all bids.

BIG RAILROAD RACE

Pennsylvania Fast Train Will Pass Through Coshocton

Railroad writers have much to say these days concerning the great railroad race between the Pennsylvania and the Big Four next Sunday.

The Big Four arranged for fast service between New York and Cincinnati, and thinking that it would cover the ground in less time, a great reduction over the former rate. The Pennsylvania also announced fast service, the time being [illegible] 15 minutes between New York and Cincinnati.

The Pennsylvania train's schedule [illegible] to make the trip between [illegible] Sunday [illegible] [illegible] O., Pittsburg, Pa. [illegible] Pa. and Philadelphia [illegible]

Both [illegible] these trains daily.

Only a few months ago [illegible] was considered remarkably fast time between Cincinnati and New York.

With this speed [illegible] in their [illegible] this time [illegible]

GOING TO CANTON SUNDAY?

The Boston and Cleveland American League Teams Will Play.

Agent Davies, of the W. [illegible] is enthusiastic over the prospects for a big crowd of Coshocton people to Canton on Sunday. In fact he wants to take people from the city at the [illegible] trip rate [illegible]

The occasion will be a great game of ball between the Cleveland and Boston teams of the American league. Cleveland will play [illegible] the greatest [illegible] paid $7,000 the other day. He plays better than ever before, and the remainder of the team is first class in every way.

Cy Young, the famous old ball spitter who came originally from the hills of Tuscarawas, will be in the box for Boston. Young has been a favorite with the fans for years, and because he takes the best of care of himself, physically and mentally, is still one of the greatest of pitchers. To see him play will doubtless prove a source of much enjoyment to Coshocton people who love the game.

Special cars will be attached to the Sunday morning train, and every arrangement made for the comfort of the public. 12-21

COURT HOUSE.

PROBATE COURT

In the matter of the guardianship of James King, he was adjudged insane and Harry King appointed guardian.

Charles Senter is working at a saw mill for John McCoy.

NOT AFFECTED.

A New Law Does Not Apply to Auditors in Office.

Attorney General Sheets has sent to State Auditor Guilbert an opinion in which he holds that county auditors now in office are not affected by the law enacted by the last legislature providing for the payment of their compensation upon the basis [illegible] the county treasury instead of upon the basis of the [illegible] Judge Sheets bases his opinion upon the ground that the legislature cannot change the method of compensation [illegible]

The [illegible] importance [illegible] [illegible]

STORMS IN THE WEST

Lives Lost and Much Damage Done to Property.

LIVESTOCK AND CROPS HIT HARD.

Blow Assumed the Dimensions of a Tornado In Northern Minnesota, a Sparsely Settled Section Being Swept Clean — Victims Crushed In Their Homes—Gales In Illinois.

St. Paul, June 11. — A tornado of marked severity prevailed over sections of Clay and Becker counties and across the southern portions of the White Earth Indian reservation. It is reported that 15 lives were lost, many people injured and great damage done to farm property, many dwellings, barns and outbuildings being destroyed. Grain was levelled by hail, which followed the wind, but the crop is not far enough toward maturity to be seriously injured. The region throughout which the storm prevailed is comparatively sparsely settled and remote from telegraphic communication, and details of the storm are therefore meager.

The following are known to have been killed: Mrs. O. A. Berg, wife of a farmer living near Voss, killed by falling timbers; four children of Andrew Hein, living north of Ulen, killed by collapse of their home.

The storm seems to have first struck northwest of the town of Ulen, in Clay county, whence it traveled southeasterly across the northern part of Becker county, striking the towns of Foss, Atlanta and Walworth, along the lower edge of the White Earth reservation.

It has been impossible to verify the report from the White Earth agency that 15 people were killed on the reservation by the tornado. A great deal of live stock was killed by the collapse of buildings and by falling timbers. The property damage from the effects of the storm is roughly estimated at $100,000.

Dwellings Demolished.

Lake Park, Minn., June 11.—Provisions and supplies have been sent by the merchants of this city to the section visited by a tornado, 15 miles northwest of here. One person was killed, 14 were injured and the homes of nine families were destroyed. Mrs. Berg, whose home was near Voss postoffice, was killed by flying timbers while seeking shelter. The Spangled church was demolished, as were several barns. The Norwegian Lutheran church at Atlanta was destroyed. Ole Johnsonberg and his son were picked up and carried a quarter of a mile, but were uninjured. The property loss will approximate $100,000.

Home-seekers' Excursion.

Low rate home seekers' excursion tickets to points in West, Northwest and Southwest will be sold via Pennsylvania lines. Particular information about fares, time of trains and other details will be furnished upon application to passenger and ticket agents of the Pennsylvania lines. 7-31

WM. H. KIPP, Ag't at Coshocton.

Winona Lake.

Winona Lake, Ind., the pretty summer resort on the Pennsylvania lines in northern Indiana, affords rest, recreation, entertainment, amid delightful surroundings for persons desiring [illegible] vacation outings. This resort is the site of Winona Assembly and Summer school, and is annually visited by many persons who are strengthened in mind by the excellent facilities for educational work and invigorated in body by the health giving influences for which Winona Lake is famous.

On May 15, the opening day of the season of 1902, excursion tickets to Winona Lake will be on sale via Pennsylvania lines. They may be obtained from May 15 to Sept. 13, inclusive.

For particular information on the subject of rate and time of trains apply to Ticket Agents of the Pennsylvania lines, or to F. Vandusen, chief assistant general passenger agent, Pittsburg, Pa. Information about attractions at Winona Lake, entertainments, the summer school sessions etc., will be furnished in reply to inquiries addressed to Mr. C. S. Dickey, Secretary, Winona Lake, Ind. 6-30

[illegible]uit Digestion

[illegible] dyspepsia.

It makes life miserable.

Its sufferers eat not because they want to, —but simply because they must.

They know they are irritable and fretful; but they cannot be otherwise.

They complain of a bad taste in the mouth, a tenderness at the pit of the stomach, an uneasy feeling of puffy fullness, headache, heartburn and what not.

The effectual remedy, proved by permanent cures of thousands of severe cases, is

Hood's Sarsaparilla

Hood's Pills are the best cathartic.

ONLY ONE CHANCE

To Visit the Seashore on Cheap Tickets via The Pennsylvania Lines.

Only one special excursion to the seashore will be run via Pennsylvania lines this summer. The date fixed for it is Thursday, July [illegible]. On that date special fare round trip tickets to ten of the most attractive seaside resorts along the Atlantic coast will be sold and special through car service will be arranged for the convenience of persons wishing to visit Atlantic City, Cape May, Avalon, Anglesea, Holly Beach, Ocean City, Sea Isle City, Wildwood, New Jersey, Ocean City, Maryland, or Rehoboth, Delaware. The return limits on tickets to either resort will cover the customary ten days vacation. For special information regarding fares etc., consult Wm. H. Kipp, ticket agent, Coshocton, O. 7-15

REDUCED FARES.

Chance For Trips via Pennsylvania Lines at Small Cost.

In addition to local excursions and reduced fares authorized for various events, the following opportunities are offered for trips via Pennsylvania lines at special rates:

To Denver, Colorado Springs, or Pueblo, Col., June 21 to 23, inclusive, account Sunday School International Association, Triennial convention. 6-23

CIVIL SERVICE

Examination for Clerk and Carrier at Coshocton Postoffice.

The United States civil service commission announces that on June 14, 1902, an examination will be held in this city for the positions of clerk and carrier in the postoffice service.

This examination offers an excellent opportunity for entering the federal service to bright, energetic young persons who are not afraid of hard work, and the commission hopes that a large number of intelligent, active persons will present themselves for this examination. It may be stated that there is a wider field for advancement upon merit in the federal service than in any private employment.

The nature of the examination is a test of practical, general intelligence, and of adaptibility in postoffice work. The age limitations for this examination are as follows:

All positions, 18 to 45 years.

All applicants, male and female, must have the medical certificate in Form 101 executed. Male applicants must be at least 5 feet 4 inches in height, and weigh not less than 125 pounds.

The names of all male eligibles will be entered on both the clerk and the carrier registers and appointment from either register will remove the eligible's name from both registers.

This examination is held to secure eligibles for appointment to existing or future vacancies in the grade of substitute.

This examination is open to all citizens of the United States who comply with the requirements. Competitor will be rated without regard to any consideration other than the qualifications shown in their examination papers, and eligibles will be certified strictly in accordance with the civil service law and rules.

For application blank (Form 101), full instructions, specimen examination questions and information relative to the duties and salaries of the different positions, application should be made to the undersigned.

Applications may be filed with the secretary of the local board as late as 9 a. m. on June 14, 1902.

IVA A. McCOY,
Secretary Postal Board.

YOUR FAITH will be as strong as ours if you try

Shiloh's Consumption Cure and ours is so strong we guarantee a cure or refund money, and we send you free trial bottle if you write for it. Fountain Items

Shirt Waists

We open today another big shipment of White Shirt Waists to retail at $1 to $4. you will wonder how they make them for the money. You cannot afford to buy materials and worry over the making when you can buy such beautiful goods at an actual saving of 10 to 25 per cent. Do not miss seeing our line before you buy

Tailor Made Suits and Skirts

Our line is very large embracing all the new and up to-date styles in WOOLTEX and PRINCESS suitings. You make no mistake if you buy either of these makes. We are exclusive agents for both in this county and will be pleased to explain the special advantageous to a customer by buying a Wooltex or Princess Suit or Skirt.

Carpets and Curtains

We are now closing up one of the greatest seasons we have ever had in these departments. Our cash prices have been a big attraction to cash buyers. You cannot afford to pay 10 to 25 per cent more for your merchandise when your money is only worth 4 to 6 per cent. Few towns in Ohio are selling merchandise on the basis of the Coshocton market. Come to the Fountain for your Dry Goods and Ready to Wear Garments.

Summer Underwear

Our line of Ribbed and Muslin Underwear was never so well fashioned before. Styles correct, prices within the reach of all. See this line before you prepare for your seasons outing. We have no hesitancy in saying you will find no such a display elsewhere.

Wash Goods

Our line is very complete. Never before have we shown such an array of styles and qualities. We are prepared to suit the pocket book in every case as well as the customer. The styles are the latest the prices always the lowest. Come to the Fountain for your Dry Goods, Carpets and Curtains. We promise to save you dollars.
